Description

Larger Picture

Perfect, one-of-a-kind addition for a new LGB train around the Christmas tree or an existing garden railway!

Custom, scratch-built, hand-crafted G-scale train station over four feet long (approx. 49"x20"x14"). Real stone chimneys, cedar shingles, wooden walls and window trim (painted with red and white exterior house paint), plastic windows and trim ("Eureka" roof signs and under-eave curled braces), wooden platforms (stained and sealed), cedar base (It is recommended that the station be placed on bricks or other base, with drainage, rather than directly on soil).

Passenger depot separate from freight depot, for ease of handling -- each comes with plywood carrying case (approx. 27"x22"x17"). The buildings were built several years ago, kept in storage, and never directly exposed to elements: Just like new! (I'd love to keep them myself, but I plan on moving to an apartment -my loss is your gain)

Questions from other buyers

Q: Will the construction of this item withstand the elements? Is it weatherproofed in any way? Also, how close is Arcadia to Van Nuvs? Thanks for any...more

A: Greg, I called upon my experience in building a great many birdhouses with elaborate trim when I built this station with garden

railways in mind (Another...more

Services available

Check item description and payment instructions or contact seller for details.

Will arrange for local pickup only (no shipping).

Seller's return policy:

Item must be returned within: 30 Days Learn about return policies.

Refund will be given as: Money Back

Seller's payment instructions

Each of the two boxed sections is easy for one adult to carry but too large to make shipping practical: This item must be picked-up in person. I live in the greater Los Angeles area: Doug Drenkow 10306 E. Live Oak Ave. Arcadia, CA 91007 (626) 447-1638 doug@douglasdrenkow.com You may pay by PayPal, in advance, or by check or money order when you pick up the station (8.25% sales tax will be added to the price). Happy Railroading!
